

Handmade Bath Mallows

APR • *Apple & Raspberry*
 Fragrance: Apple & Raspberry
 Oils: Grapefruit, Litsea Cubeba

Although small, Bath Mallows are absolutely choc full of creamy cocoa and shea butter; which are both renowned for their ability to moisturize and deeply nourish your skin. Instead of fizzing violently like a Blaster, Mallows slowly melt, releasing butters and pure essential oils into your bath and onto your skin. Displays on a tray of 24. All of our products are made totally by hand, and are bursting with pure essential oils gathered from the four corners of the globe. Check out descriptions below each picture to find out each Mallow's scent and oils.
